SUPER-MANAGERS RETURN!

Yes! Yes! Ángel Rodríguez and Estelle Gray, Seattle cycling legends, are back! And they are hot to go. After being away for a few years, both Ángel and Estelle are excited to get back to R+E Cycles, Mountain Bike Specialists, and Seattle Bicycle Repair on University Way.

When Ángel sold the stores in the fall of 1990, they were rated No.1 in the U.S. (*Bicycling* May-June 1990). They are still No.1. R+E and Mountain Bike Specialists offer the very best in quality merchandise, knowledgeable staff, and enthusiastic on-the-road support of local cycling events. As the national trade journal *Bicycle Retailer* (June 1993) put it, "R+E has cultivated an image as a quality cycling specialty business with a strong sense of community service."

Our community service shows in the extensive technical support we have provided for over 15 years to riders on the finest bicycle rides in the Northwest. But our dedication is most obvious in the R+E stores, where satisfying our customers is the best imaginable way to serve the cycling community.

The stores grew in the 1980s, along with a strong, steady increase in bicycling in Seattle. Estelle says that the growth of R+E and bicycling in Seattle was not coincidental. "R+E helped make the boom," she said. "We did things that made cycling easier for people." R+E is still making cycling easier for people. R+E mechanics (including Ángel and Estelle) will repair bikes for STP riders at the Centralia checkpoint. And they will offer a full weekend of technical support for Tri-Island Trek riders.

Ángel, Estelle, and the rest at R+E Cycles, Mountain Bike Specialists, and Seattle Bicycle Repair are looking forward to resuming their place at the vanguard of Northwest cycling. *The Seattle Times* (Wed. May 26, 1993) said it best: "As Rodríguez speaks, his passion for cycling and the rebirth of R+E shows. He talks of giving back space to the Cascade Bicycle Club to organize the annual Seattle-To-Portland bike ride and outlines his hopes to recreate R+E's sponsorship and presence at local events."

Coming back to R+E Cycles was not in the plans of either Ángel or Estelle even as recently as April. Ángel was in his native Panama with his wife, Carla Black, making improvements to his new dairy farm with the same enthusiasm he has always shown in the bicycling industry. Estelle was working at SR Suntour, a bicycle parts manufacturer and distributor, when the opportunity arose to take the reins at R+E once more. Ángel and Carla left the cows eating emerald green grass, and sprinted into the bicycle world on May 28th as if they'd never been gone. Estelle had to explain a bit more to her boss than Ángel had to explain to old Bessie, and she came over on July 1st - more enthusiastic (is it possible?) than ever before.

We're excited to be here, and we're excited to welcome you to R+E Cycles under old management, BUT AS YOU'VE NEVER SEEN IT BEFORE!

WHAT OUR BUSINESS NEEDS MOST OF ALL...

is YOUR BUSINESS

TO ALL OF OUR CUSTOMERS WHO SHOPPED
AT THE R+E STORES FROM
NOVEMBER OF 1990 TO MAY OF 1993

On my way home last night I drove past another bike shop. Through the window I saw Bill, who had been one of our best customers, buying something. I must say it hurt, especially since just that day I had come across a special order item for which he had paid, but had never received.

Our customers have been important in making R+E a great store over the years. Estelle, Dan, Rick, and I would like to have a chance to show you once again how important you are to us. Many of you tried to support the shop during the period that we didn't work here, and we appreciate it even now.

We are also aware that some of you were burned, especially during the first quarter of this year. Some of you made deposits on special order items or bikes, and didn't receive anything.

To Bill, and all our customers, Estelle and I offer a sincere apology for the situation in which we all find ourselves. We would like to have a chance to make it up to you. If you left money on deposit here, please come by and let's talk about what we can do. In some cases we can offer full credit, in some cases we can offer some credit, and in the rest of the cases we will offer the same or other merchandise at our cost.

Estelle and I need you now more than ever. We would like a chance to be your bicycle store again. We want R+E to be the shop where you come for the best service and the most knowledgeable staff in the city, if not the nation.

The month I left, November 1990, *Bicycling* magazine voted R+E Cycles one of the best six bike shops in the nation. We promise you that we will be there again.

Bill, please come back and give us a chance to make it right.

Hands-on Workshop led
by Estelle Gray and Dan Towle

Four dates to choose from: June 30 - July 1 - July 6 - July 8
4:00pm at Seattle Bicycle Repair
5619 University Way N.E.

Don't let the little things wear you down. Flat tire? Don't panic! Chain fall off? That's a cinch! Brakes rub? No prob! Derailleur rattling? Knowing how to make those little adjustments and repairs keeps you rolling - smoothly, quietly, and fast.

Don't waste time in the repair shop for the those simple details. Don't wait in line at the STP repair stands. Keep your bike in tip-top adjustment yourself.

The workshop is free, but space is limited. Reserve your spot at one of the four sessions by calling R+E Cycles at 527-4822.

In the last 5 years R+E has sold 543 tandems WE BE TANDEMS!

NW TANDEM RALLY BIGGEST IN THE NATION

Do you cycle in the Northwest, but still don't ride a tandem? Come visit us and get into the double groove!

R+E has always been the leading tandem shop in the Northwest, the United States, and the world. Angel began building custom Rodriguez tandems in 1977. No one else was building (or even really riding) tandems then. Angel built, and he rode; he built something new, and he rode some more. He made tandems that performed better than tandems had ever performed before. They were good: reliable, comfortable, and fast. Now, 17 years later, there are hundreds of thousands of tandem miles behind every Rodriguez Tandem. Today they are outstanding: more reliable, more comfortable, and faster than ever.

According to Glenn Erickson, founding partner of R+E Cycles, custom Rodriguez tandems "Single-handedly revolutionized tandem riding in the Northwest, if not in the country, to where the Northwest is by far the No. 1 tandem area in the world." You may have read something in *Bicycling* magazine (June 1993) about the 1992 Midwest Tandem Rally, with 359 tandem teams participating. They claimed it was the biggest. They were right, up to a point. And that point was the 1993 Northwest Tandem Rally. Mount Vernon was the site of the biggest tandem rally in the solar system: 410 tandems.

A good idea, a good product, a new way to enjoy bicycling is never alone in the market for long. Now, there are lots of great tandems out there, both road and mountain tandems, and you can choose from the best at R+E Cycles: Rodriguez Custom, Trillium, Rodriguez Aluminum, Rain City, Burley, and Cannondale.

With more tandems ready and on the floor at R+E Cycles than at any other shop in the Northwest, your new tandem is ready and waiting for you. Come in and talk to our staff for the best tandem information anywhere.

Begin your greatest cycling adventure: *tandeming!*

NOBODY HAS THIS MANY! NO ONE ELSE HAS 21 TANDEMS IN STOCK!

BURLEY IN STOCK SOON / WE RENT TANDEMS

OUR TANDEM CATALOG IS THE MOST COMPLETE IN THE NATION, COME IN AND GET ONE.

Rodriguez Trillium Sport is Famous!

Bicycle Guide magazine, in its July issue compared six mid-priced tandems. "This good-looking, conventional, no-frills \$2150 tandem lacked the bells and whistles of the Santana, but at half the price exhibited an intelligence and practicality that reflected its target market group. And it convinced us Rodriguez has apparently learned a

thing or two in its 18 years as a tandem builder." After riding the Trillium Sport the captain said, "No major flex--even on real steep hills." The stoker wrapped it up with, "I was in heaven with that Avocet Gelflex seat. Final analysis? This bike does what it is supposed to do. For \$2150, a very good value."

ANGEL AND CARLA'S SOCKS
 SOX Socks SOX Socks SOX Socks SOX Socks SOX

Carla and I could wear any brand or style sock in North (or Central) America, but we wear Prism socks. Every day. We have lots of them.

Prism socks are on special because they were made and sold as cycling socks. The problem is that they are so cushy and thick that they don't fit in our cycling shoes. But they are really great for everything else. They have nice padded toes and heels. The elastic in the ankles keeps the socks in place without cutting off your circulation. I don't think they are ever going to wear out. Bright green tops and toes makes them easy to find in the laundry basket.

We wear Prism socks for working at R+E, digging holes in the back yard, going for walks in the forest, installing hydraulic rams in Panama, going out for dinner, hiking in tropical jungles, strolling around Green Lake, milking cows, running through airports, doing the Puyallup Fair, doing the David (Panama) Fair, repairing bikes on STP, and for putting our feet up.

If you want to get a good look at these special socks, come in, ask for Carla or me, and look down. We've got them on.
